YOUTH LEARN TO PLAY HOCKEY

The Learn To Play Hockey Program is an introductory program in which children of all ages have the opportunity to learn and enjoy the game of hockey. This program guides the participants through the fundamentals of playing ice hockey such as enhanced skating, stick handling, passing and shooting. It will progressively work on more intermediate skills & drills, utilizing & reinforcing these basic skills along with teaching positional play through weekly scrimmages & small games. In addition, the program teaches and stresses the importance of teamwork. The Learn To Play Hockey program is the first step toward entering the Wintersport Royals, our Youth Hockey Organization. Students should have completed our Learn-2-Skate program before registering for the Learn To Play Hockey program.
